Real Property Construction, Improvement, Alteration, and Repair

A person who, because of a contractual obligation, purchases material which will be incorporated into the real property of a private, nonprofit charitable, educational, or religious organization, or volunteer fire, ambulance, or rescue company or squad, located in Maryland, may use the exemption certificate issued to the organization to purchase the material tax-free. In order to purchase the material tax-free, the buyer shall certify to the supplier, in a signed statement, that the material will be incorporated into the real property of the exempt organization. The buyer shall include in the statement the name and exemption certificate number of the organization, and the date and identification of the contract for which the materials are purchased.
