

## PIG™ Build-A-Berm® Barrier Straight Section

PLR258 Ideal For Long-Term Custom Containment, 7.25" x 5' x 4"

Build a semi-permanent barrier around your machinery or storage areas with our crush-resistant spill berms.

- Barriers can be constructed into a semi-permanent, high-visibility barrier that's exactly the size and shape you need - indoors or out
- Pliable open-cell foam barrier springs back into shape after you walk or roll over it with light, wheeled equipment
- Durable, 18-oz. all-vinyl covering resists oils, coolants and most chemicals
- Cut to length with utility knife; for best installation results, secure to a smooth, sealed surface with sealant and join seams with vinyl cement
- Contain leaks and spills around your machinery without building expensive concrete curbs or cutting and installing angle iron
- High-visibility yellow color draws attention to barrier for increased safety
- Easy removal requires only a flat-bladed shovel
- Great for use around battery charging stations, machinery or any other leak-prone areas
- 4"-high barriers are ideal for surrounding areas with high volumes of liquid

### Specifications

Traffic	Foot Traffic
Color	Yellow
Dimensions	7.25" W x 5' L x 4" H
Ideal For	Long-Term Custom Containment
Install/Deploy Type	Glued In Place Barrier
Temperature Limit	Works from -22°F to 160°F
Sold as	2 per box
Weight	6 lbs.
New Pig Patent	5,820,297
# per Pallet	36

**Composition**

Cover - 18 oz. Vinyl-Coated Fabric  
Core - Open-Cell Polyurethane Foam
