Adjustable attachment bridge for SEQUOIA and SEQUOIA SRT harness

Adjustable attachment bridge for SEQUOIA and SEQUOIA SRT harnesses allows quick and precise adjustment of the position of progression tools installed on the bridge.

Length adjustment is very quick and easy thanks to the ADJUST rope clamp, which releases with a simple turn and handles easily due to its ergonomic shape.

The adjustable attachment bridge allows improved ergonomics when returning to the trunk. The space created between the ZIGZAG and the harness allows pulling with both hands on the free end of the rope.

Short Description Adjustable attachment bridge for SEQUOIA and SEQUOIA SRT harness

Selling Points

- Allows the position of progression tools installed on the bridge to be adjusted
