

SHELF PIN JIG

1/4" DRILLING TEMPLATE

Stock No. 10-072

Frameless and New Construction

Place template with fence snug against cabinet/shelf edge at desired height and drill.

Bit Storage

Place tip of bit in cutaway with collar held against partition. Press the shank in and down to securely stow the bit.

Existing Furniture with Frame

Flip over and place the template's long edge against inside of frame at desired height and drill. Rotate 180° and drill opposite side.
