

Congratulations on becoming a SOG knife owner and welcome to our elite group! Please take a moment to read through this guide for information on the general care and usage of your new knife.

General Maintenance and Care

Your knife is made from high quality stainless steel. With proper care and maintenance it will last a lifetime. Below is information that will help keep your knife looking and performing at it's best.

- After becoming dirty or after exposure to salt water, perspiration, or chemicals, rinse the product with fresh water and dry completely. Use a high-quality petroleum-based lubricant or anti-rusting agent on all metal surfaces.
- While it is not in use, keep the blade stored in a dry area outside of the sheath to help prevent rust.
- Should rust appear, use a light steel wool pad (000 grit) to buff off rust, then reapply anti-rusting agent.
- Should your knife become dull SOG offers sharpening services for our products at the minimal charge of \$9.00 (Serrations can not always be restored).

Please use this product safely and according to your local, municipal, state, and federal laws.

SOG's Lifetime Warranty

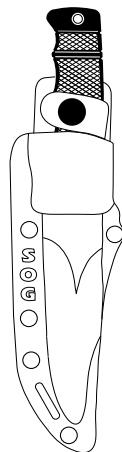

All SOG Specialty Knives' products are guaranteed for life against defects in workmanship and materials. This guarantee is voided by misuse, abuse, improper maintenance, or alterations of the product, and does not cover normal wear that might occur. All guarantee claims should be sent directly to SOG Specialty Knives, Inc. U.S. claims should be sent prepaid and insured. International claims should write or call for information.

SOG SPECIALTY KNIVES RESERVES THE RIGHT TO REPAIR OR REPLACE WARRANTY ITEMS AT OUR DISCRETION.

Call, write, or email for more information on the entire SOG product line:

SHEATH OPTIONS

Did you know that SOG offers multiple sheath options for many of our fixed blade knives?

Whether it's the versatility of Nylon, the strength of Kydex, or the luxury of Leather, we know you like to have choices. Many of our customers own several.

Visit us online at **sogknives.com/sheaths** or call us at (425) 771-6230 for a listing of what sheath options are available. We are always happy to help!

Don't forget to check out the SOG web site for news, new product launches and information about the entire line.
