

Instructions: Golf Car Storage Cover

Materials list:

- 1 Golf Storage Cover

Installation

Your new cover will provide years of protection when storing your golf cart. However, this cover is not designed for use while trailering your cart.

Check your cart for any sharp objects or corners that could stress your cover as you pull it on.

Unzip the zipper and slip the cover over the top of your cart with the zipper and tie cord opening at the back of your cart. Pull the cover down on all 4 corners and zip it shut. Tighten the cord from the back to secure your cover to the bottom of your cart and tie it off.

Cleaning

Clean your cover with a soft brush and water. Do not machine wash or dry.

Storage

Be sure your cover is completely dry before you store it for an extended period.

One Year Warranty

Your Golf Cart Storage Cover is factory warranted for workmanship and materials for 1 year after purchase. Trailering or use during transportation of your cover will invalidate this warranty.
