## EXTREME PRESSURE MOLY GREASE

### PRODUCT SUMMARY

Northern Tool Extreme Pressure Moly Grease is multi-purpose NLGI 2 lithium complex based lubricant recommended for a wide range of applications including lube points where extreme pressure, heavy load, and severe shock and vibration occur. Formulated with quality base oils and a synergistic blend of molybdenum disulfide, graphite, and other performance additives which reduce premature wear in metal to metal lubrication conditions.

### FEATURES/BENEFITS

- Will Withstand Severe Shocks and Vibrations
- Excellent Thermal and Oxidation Stability
- Excellent Load Carrying Properties
- Excellent Water Washout Characteristics
- Protects Components in Extreme Environments
- Made in the USA

### APPLICATIONS

Extreme Pressure Moly Grease is recommended for:

- Automotive
- Backing Plates
- Ball Joints
- Chassis Points
- Roller & Ball Bearings
- Idler Bearings
- Industrial
- Mining Equipment
- Pillow Block Bearings
- Sprocket Bearings
- U-joints
- Water Pumps
- Wheel Bearings
- Steering Linkage
- Fifth Wheel

### PRODUCT SPECIFICATIONS

<b>Color</b>	Gray/Black
<b>Texture</b>	Smooth, Tacky
<b>Thickener Type</b>	Lithium Complex
<b>NLGI Grade</b>	2
<b>Worked Penetration @25C</b>	285
<b>Drop Point, F</b>	500
<b>Base Oil Viscosity @ 40C cSt</b>	220
<b>Base Oil Viscosity @ 100C cSt</b>	17.4
<b>Base Oil Viscosity @ 100F SUS</b>	1194
<b>Base Oil Viscosity @ 210F SUS</b>	89.9
<b>Suggested Operating Temperature Range</b>	0°F-300°F

### NTE PART NUMBER

52591

### PACKAGE DESCRIPTION

14 oz cartridge
