GENERAL SAFETY RULES

WARNING: Read and understand all instructions. Failure to follow all instructions listed below may result in serious injury.

CAUTION: Do not allow persons to operate or assemble this beam cutter until they have read this manual and have developed a thorough understanding of how the beam cutter works.

WARNING: The warnings, cautions, and instructions discussed in this instruction manual cannot cover all possible conditions or situations that could occur. It must be understood by the operator that common sense and caution are factors that cannot be built into this product, but must be supplied by the operator.

SAVE THESE INSTRUCTIONS

WORK AREA

- **Keep work area clean**, free of clutter, and well-lit. Cluttered and dark work areas can cause accidents.
- **Keep children and bystanders** away while using the beam cutter. Distractions can cause you to lose control, so visitors should remain at a safe distance from the work area.
- **Be alert of your surroundings.** Using the beam cutter in confined work areas may put you in a dangerous situation.

PERSONAL SAFETY

- **Stay alert**, watch what you are doing, and use common sense when using the beam cutter. Do not use the beam cutter while you are tired or under the influence of drugs, alcohol, or medication. A moment of inattention while operating the beam cutter may result in serious personal injury.
- **Dress properly.** Do not wear loose clothing, dangling objects, or jewelry. Keep your hair, clothing, and gloves away from moving parts.
- Logging chaps should be used at all times while operating a chainsaw.

TIMBER BEAM CUTTER OWNER’S MANUAL

BEAM CUTTER USE AND CARE

- **Do not modify the beam cutter in any way.** Unauthorized modification may impair the function and/or safety and could affect the life of the equipment.
- **Always check for damaged or worn out parts before using the beam cutter.** Broken parts will affect the beam cutter operation. Replace or repair damaged or worn parts immediately.
- **The beam cutter is for OUTDOOR use ONLY.**

 CAUTION:

- **When lifting logs, ALWAYS use CAUTION as logs can fall or drop.** Heavy logs can cause injury to feet, legs, and hands. **ALWAYS** wear protective clothing including steel toe boots, leather gloves, and leg and arm protection. Logging chaps should be used at all times while operating a chainsaw.
