

# Installation Instructions

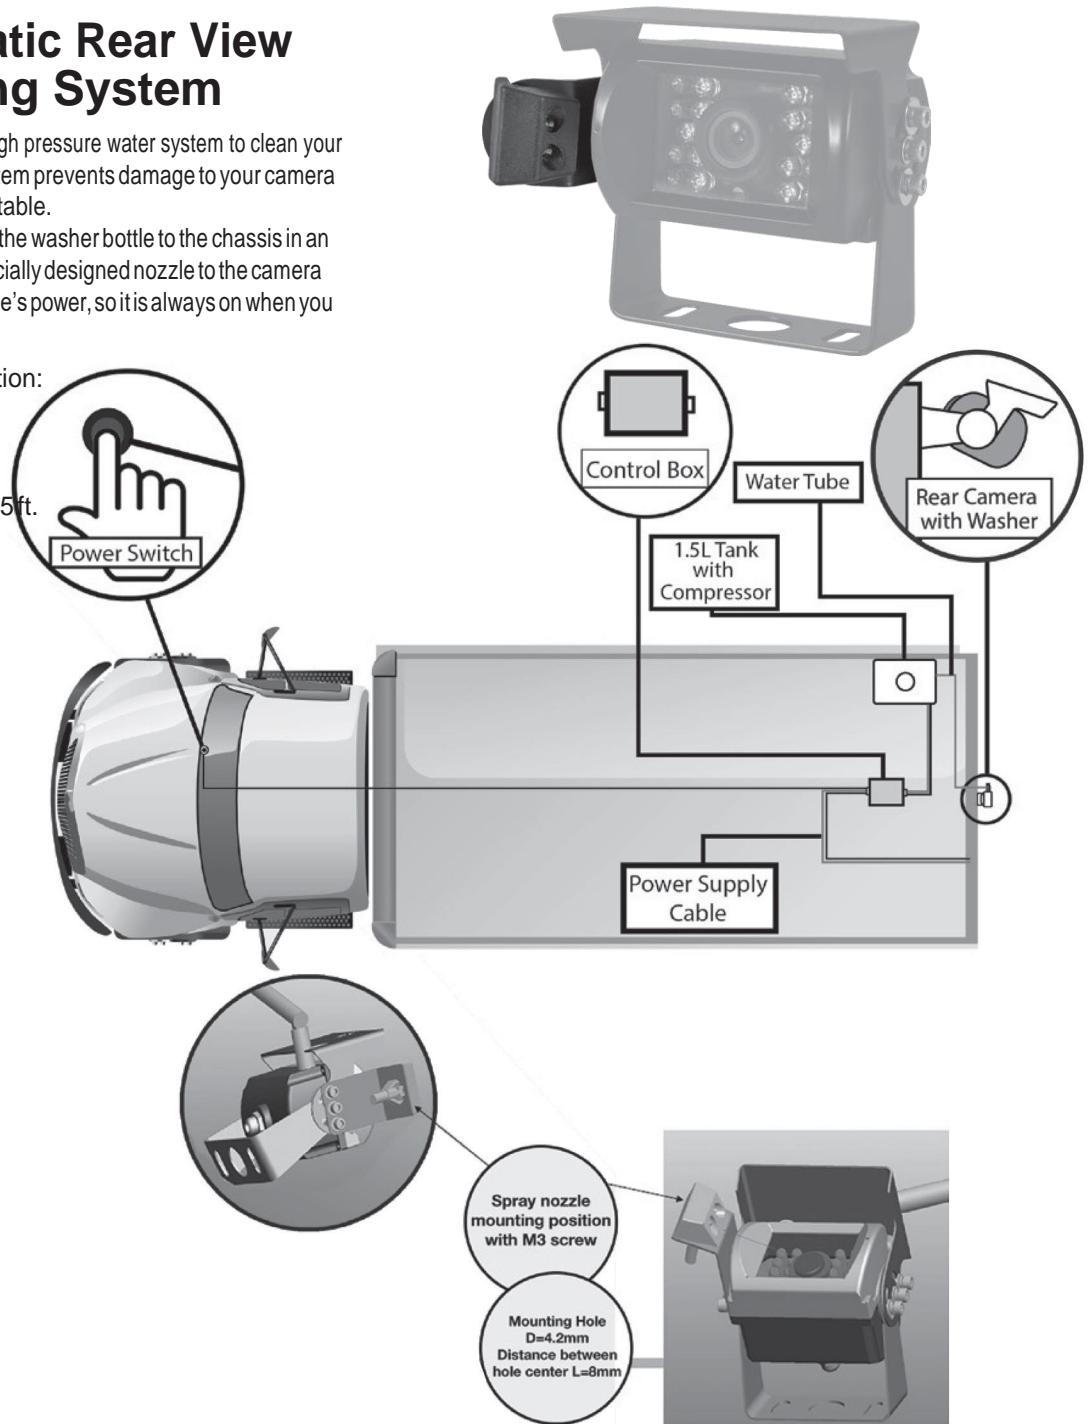

## 8882150 Automatic Rear View Camera Washing System

Our Camera Washing System uses a high pressure water system to clean your lens with the push of a button. This system prevents damage to your camera lens and makes travel more comfortable.

Installation is simple and quick. Mount the washer bottle to the chassis in an accessible location and attach the specially designed nozzle to the camera bracket. The system connects to vehicle's power, so it is always on when you are driving.
