

Defender® HD 1080p Indoor/Outdoor Bullet Security Camera

PROTECT WHAT YOU VALUE MOST

Have your needs changed? Complete your Defender security system with this high definition night vision bullet camera. 1080p, weather resistant and easy to install yourself. Keeping watch 24/7. This is what a security camera should be.

Compatible with DVRs: HD1T4, HD1T8 & HD2T16.

ENGINEERED TO DELIVER

This HD 1080p bullet camera is made of ultra-lightweight polycarbonate resin, built to protect against vandals. IP66 rated for dust and heavy rainfall protection.

STOP SQUINTING & GUESSING

Why have a security system if you can't clearly see what you're looking at? Defender's HD 1080p 75° wide angle view means that you can see license plates, faces and cars in exceptional detail.

ADVANCED SECURITY RIGHT AT YOUR FINGERTIPS

Web viewing with 24/7 live streaming, footage playback and account management. Compatible with Internet Explorer, Safari and Firefox.

YOUR EYES THROUGHOUT THE NIGHT

These cameras let you see up to 130ft in ambient light and 100ft in total darkness.

EASY AS 1,2,3

Hassle free setup with color-coded wiring, numbered ports and a three-step setup.

DESIGNED FOR EVERYONE

Experience live or recorded video from your desktop, TV or mobile device, with intuitive icons and straightforward recording options.

Designed for everyone. Set-up is easy and viewing your video clips is even easier. Check in right from your desktop or mobile device. The intuitive app and web login lets you manage your account, set your recording schedule, receive motion alerts and customize everything the way you want it. We have a help menu, but you won't need it.
