**WHERE STRENGTH
MEETS SPEED**

**GET THE JOB DONE WITH OUR
HEAVY-DUTY LONG BARREL AIR HAMMER**

- Designed for heavy-duty tasks like separating ball joints, cutting large bolts and rivets, working with heavy gauge sheet metal and driving bushings
- Hardened steel piston and patented damping system delivers 2,300 blows per minute for powerful hammering with reduced vibration
- Designed for user comfort, the patented damping system and active air spring technology reduce vibration and absorb shock, minimizing fatigue

SX2302

LONG BARREL AIR HAMMER

Lightweight yet robust die-cast aluminum body and precision-machined steel barrel provide increased strength

Direct front exhaust keeps air and debris away from the user, enhancing safety and maintaining a cleaner workspace

The precision-machined steel barrel offers increased strength and reliability under tough working conditions

Quick-change chuck retainer accepts standard 0.401" shank chisels for fast swaps, improving jobsite productivity

The variable speed trigger offers superior control to suit any task

The ergonomic pistol grip handle design minimizes hand fatigue and improves user comfort

Air Hammer Kit

SPECIFICATIONS FOR SX2302

Blows per Minute.....2,300 BPM
 Piston Stroke Length 3.75"
 Average Air Consumption 5.5 CFM
 Recommended Air Pressure..... 90 psig (6.2 bar)
 Air Inlet 1/4" NPT

Minimum Hose Size3/8" I.D.
 Overall Size (L x W x H)11.375" x 2.375" x 7"
 Sound Level98 dBA
 Product Weight 6.06 lbs.
 Shipping Weight 6.5 lbs.
