SUNEX Tools Launches Six New Air Hammer Chisel Sets with Extended-Life Chisel Technology

Reinforced. Portable. Ready for Impact.

Greer, SC (July 1, 2025) – SUNEX Tools introduces a full line of 6 Air Hammer Chisel Sets, delivering precision, durability, and innovation for cutting, separating, driving, and shaping applications. These sets feature enhanced alloy steel construction, a patented chamfer design that extends chisel life by up to 50%, and black oxide finishes for superior corrosion resistance—all packaged in durable 600D polyester roll pouches built for real-world environments.

Each chisel is built with a standard .401 shank, ensuring wide compatibility with most air hammers, while the new chamfered retention groove improves both tool life and impact transfer.

ACS2 – Hinge Pin Driver 2-Piece Set

Specially designed for removing hinge roll pins, this 2-piece set includes 7½" long 6mm and 8mm angled drivers. Ideal for body shops and auto techs needing precise reach in confined spaces.

ACS3 – 18" Long-Reach 3-Piece Set

For the toughest, tightest spots, this set delivers with an 18" hammer, 18" scraper, and 8" cold chisel—perfect for cutting, scraping, and striking where standard tools can't reach.

ACS4 – Pneumatic Separator 4-Piece Set

Built for front-end and suspension work, this 4-piece kit includes a tapered punch, hammer, ball joint wedge, and tie rod spreader—all crafted for maximum separation force.

ACS5C – 7” Cutting 5-Piece Set

Ideal for cutting, busting, and panel work, this set features a deluxe panel cutter, spot weld buster, cold chisel, and more. Designed for bodywork precision and long service life.

ACS5S – Standard 5-Piece Set

A versatile everyday set including essential chisels like a 4" hammer, 6" panel cutter, 7" cold chisel, and tapered and pointed punches—a must-have for general service and shop use.

ACS10 – Standard 10-Piece Set

The most comprehensive in the series, the ACS10 includes 10 specialized chisels ranging from muffler and nut splitters to claw and dual-blade panel cutters—packaged in a premium roll pouch for total shop portability.

Key Features Across the Lineup:

- **Patented Chamfer Design** – Improves retention and extends chisel life by up to 50%
- **Enhanced Shock-Resistant Alloy Steel** – Built to endure heavy-duty use
- **Black Oxide Finish** – Superior rust resistance in wet or dirty work environments
- **.401 Standard Shank** – Compatible with most air hammers
- **Durable 600D Polyester Roll Pouches** – Water-repellent, rugged, and shop-ready
- **Compact Dimensions** – Optimized for mobility and tool organization
- **Backed by SUNEX Tools' Lifetime Warranty**

With these 6 new sets, SUNEX Tools delivers a full system of high-performance chisels ready for today's toughest air hammer applications—from collision repair and chassis work to exhaust, panel, and suspension service.

About SUNEX Tools:

Since its inception in 1977, SUNEX Tools has grown to become a leading brand in industrial and automotive workplace tools and equipment. Known for their commitment to quality and performance, SUNEX provides tools that match the dedication and hard work of professionals in various industries, from heavy-duty industrial maintenance to neighborhood auto mechanics. SUNEX is a recognized leader in the industry, offering a wide range of products, including Impact Sockets, Lifting Products, Air Tools, Shop Presses, Mechanics Hand Tools, and Tool Storage.
