### SUNEX Tools Launches Six New EVA Foam Screwdriver Sets Built for Precision, Grip, and Shop Efficiency

*More Control. More Comfort. More Configurations.*

**Greer, SC** (July 1, 2025) – SUNEX Tools introduces 6 new screwdriver sets—each designed to deliver professional-grade precision, torque-ready control, and shop-friendly organization. Whether working in tight engine bays, assembling components, or handling intricate electronics, these sets are engineered to stay put, stay sharp, and stay visible in the toolbox. From full-size Torx<sup>®</sup> and Phillips<sup>®</sup> to low-profile and precision models, every screwdriver is built with the same attention to grip, fastener engagement, and fatigue-reducing comfort. And with custom EVA foam trays that highlight missing tools at a glance, techs stay organized and ready for anything.

---

#### **SXCSDS8 – 8-Piece Phillips<sup>®</sup> & Slotted Magnetic Screwdriver Set**

Essential everyday drivers in core sizes, this set includes four Phillips<sup>®</sup> and four Slotted screwdrivers, each with magnetic tips, hex bolsters, and laser-etched shafts for quick identification. The ergonomic over-molded handles and EVA tray storage ensure comfort and accessibility from drawer to job site.

---

---

### **SXCSDS12 – 12-Piece Phillips® & Slotted Magnetic Screwdriver Set**

A broader range of fastening tools, this 12-piece set includes six Phillips® and six Slotted screwdrivers in a variety of lengths and tip sizes. Designed for high-torque tasks, select drivers feature hex bolsters, while the vapor-blasted tips and matte finish shafts deliver long-lasting durability.

---

### **SXCSDS20 – 20-Piece Phillips®, Slotted & Torx® Magnetic Screwdriver Set**

The ultimate master set, featuring 20 screwdrivers: five Phillips®, nine Slotted, and six Torx®. Magnetic tips, laser markings, and ergonomic handles make this set ideal for mixed fastener jobs in automotive, mechanical, or shop use. The included Quick-ID EVA tray keeps everything in place.

---

### **SXLPSD7 – 7-Piece Low Profile Diamond Coated Screwdriver Set**

Designed for ultra-tight access, these stubby 10.6mm-height screwdrivers feature a slim 3mm body and diamond-coated tips for superior grip in confined spaces. Built from durable S2 steel and stored in a compact EVA tray, this set is perfect for under-dash, engine bay, or interior trim work.

---

### **SXPSD7 – 7-Piece Precision Phillips® & Slotted Screwdriver Set**

For electronics, fine assembly, and delicate repairs, this precision set includes rotating end caps, over-molded handles, and S2 steel shafts for smooth, controlled fastening. The set is housed in a red-backed EVA tray that ensures quick visibility and perfect placement.

---

### **SXTSD8 – 8-Piece Torx® Magnetic Screwdriver Set**

Handle specialty fasteners with ease using this 8-piece Torx® set (T8–T40), each with magnetic tips and high-visibility end caps. Matte shafts and vapor-blasted tips add durability, while the EVA tray helps you maintain order and efficiency on the bench or in the box.

---

Shared Features Across Most Sets:

- **Magnetic Tips** for reliable fastener retention
- **Laser-Etched Shafts** and **High-Visibility End Caps** for fast ID
- **Over-Molded Ergonomic Handles** for comfort and torque control
- **Hex Bolsters** (select models) for wrench-assisted turning
- **Vapor-Blasted Tips** for longer wear and better grip
- **Custom EVA Foam Trays** with red interiors for organization and accountability
- **Lifetime Warranty** – Backed by SUNEX’s promise of durability and quality

From stubby to precision, and from standard to specialty, these new SUNEX screwdriver sets are built to turn more than just fasteners—they turn heads.

---
