

# 360 DEGREE ALL-AROUND PROTECTION

Keeps you secure from every angle with a fully enclosed platform.

## ONE SETUP. MULTIPLE HEIGHTS

Patented Rapid Locks™ let you raise or lower the rails in seconds giving you fast, secure height adjustment that keeps pace with the job.

## WORK SAFER WITH MORE STABILITY

Wide-flared outriggers triple the ladder's footprint for serious side-tip resistance, giving you a stronger, more secure setup every time you climb.

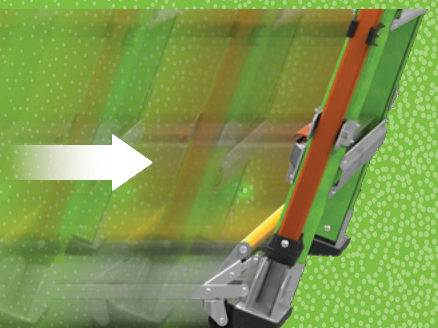

## KNOW WHEN TO STEP OFF

The patented Ground Cue® gives a distinct click you can hear and feel, so you know when you've hit the bottom rung. No second-guessing. No rolled ankles. Just confidence with every step.

## ROLL WITHOUT THE STRAIN

The Locking Wheel Lift Kit and Tip & Glide wheels make transport and setup effortless. Lift, lock, and roll without removing your tools or burning extra energy. Built for smooth mobility that keeps safety first.

# HOLD YOUR GROUND. RULE THE JOBSITE.

The Adjustable Fortress gives you 360-degree protection and pro-grade performance without compromise.

SCAN TO SEE IT IN ACTION!

## FULL CIRCLE SAFETY

The Adjustable Fortress™ gives you 360-degree freedom to work all around the platform. Enclosed rails, wraparound protection, and an auto-closing gate keep you secure from every angle—so you can move, reach, and get it done without compromise.
