

BLUETABLET SRBT

Tabs are used with the **Blueliquid SRBLPE+** solution in biological cleaning parts washer to improve the effectiveness of the solution. Tabs extend the lifetime of the cleaning solution in the biological parts washer, reduce sludge from degreasing by biodegradation and neutralise odours. Tabs are composed of a selection of micro-organisms that are specifically suitable for the bioremediation of grease and oil: **BLUEREMEDIS Tab process®**.

FOR PROFESSIONAL USE

NO HAZARDOUS

**ENVIRONMENTALLY
FRIENDLY**

**INCREASE PARTS WASHER
BATH TIME LIFE**

Instructions for use

When installing your biological parts washer, put a tab into the parts washer reservoir to start the **BLUEREMEDIS Tab process®** (or 1 tab for approximately 20-25 gal of solution). Add a tab every 4 to 6 weeks, depending on condition of use of your biological parts washer.

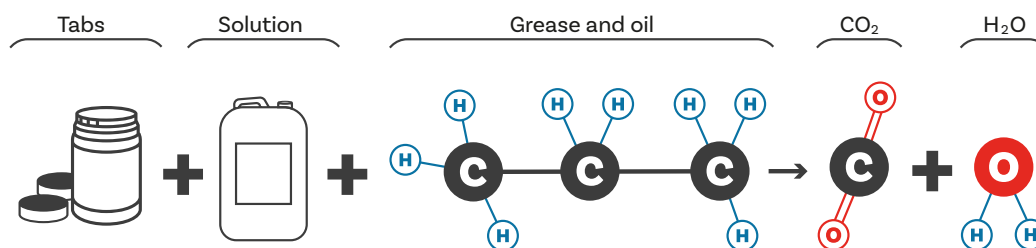

Warning: wearing gloves, work clothing is recommended.

Follow simple health and safety measures: do not eat or drink in the work place, wash hands after using the fountain.

Blueremedis Tab process®

The micro-organisms are present in their natural state in all environments and they have natural capacities to degrade organic or non-organic composites for their nutritional requirements and growth.

The tabs process optimises this natural biodegradation, associating the micro-organism tabs with BlueLiquid in a biological parts washer.

Properties

Color	Blue
Aspect	Solid
Scent	None
Temperature of use	68-113°F 100°F for the BLUEREMEDIS Tab process ®
Bacteria concentration (SM9215C)	20 billion UFC/tab
Weight	0.9 oz
Solubility in water	100%

For further information, please contact us or see the SDS for this product.

Those tablets are not classified as irritants for eyes and skin.

An eco-toxicological file is available for consultation upon request.

Tablets are a synergistic blend of all natural, Class 1 bacteria specifically chosen for their accelerated ability to metabolize heavy, tarry types of hydrocarbons such as oil, coal tars and organic sludges as well as refined hydrocarbon products.

Storage

Store in a cool, dry place away from light and heat.

Product reference packaging

Box of 4 tabs: **PFCOFOMBT1- 100**
