FS-Curtis Manufacturer's Limited Warranty: Reciprocating Air Compressors

Curtis-Toledo, Inc. ("FS-Curtis") issues a written guarantee with each compressor that it sells which states that FS-Curtis warrants against defects on Goods it sells and will, through an Authorized FS-Curtis Channel Partner, repair or replace the defective Goods as long as the Buyer/Owner of the Goods notifies said Authorized FS-Curtis Channel Partner within thirty (30) days of the date that a defect is discovered during the applicable warranty period. FS-Curtis's obligation to repair or replace any defective Good during the warranty period shall be Buyer's/Owner's sole and exclusive remedy and FS-Curtis's sole liability arising under this warranty or any warranty claim made by Buyer/Owner. EXCEPT AS MAY BE OTHERWISE EXPRESSLY SET FORTH IN WRITING HEREIN, THIS WARRANTY IS PROVIDED IN LIEU OF, AND FS-CURTIS EXPRESSLY EXCLUDES ANY AND ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO ANY EXPRESS OR IMPLIED WARRANTIES OF MERCHANTABILITY AND/OR ANY EXPRESS OR IMPLIED WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE OR USE. Buyer/Owner shall bear any and all costs of providing free and clear access to the Goods (including removal and replacement of systems and structures), de-installation, re-installation and, if necessary, transportation of Goods to an Authorized Channel Partner and back to Buyer/Owner. No allowance will be made for repairs or alterations made by others without FS-Curtis's prior written consent. If repairs or alterations are attempted without FS-Curtis's prior written consent, this warranty shall be null and void. FS-Curtis assumes no responsibility for damages caused by accident, neglect, damage during transport, improper installation, use, handling, or maintenance, including installation by unauthorized third parties, or by operation in violation of rated operating conditions, internal or otherwise, or normal wear and tear or defects or damages resulting from the use of parts not authorized by FS-Curtis or from Buyer's/Owner's failure to store, install, maintain, and/or operate the Goods in accordance with FS-Curtis's operating manuals, service manuals, instructions, drawings, and good engineering practice. None of the Goods furnished by FS-Curtis shall be deemed defective by reason of chemical or abrasive action, excessive heat or failure to resist the action of excessive heat, erosive or corrosive gases or liquids or the deposition of foreign material from such gases or liquids. FS-Curtis's receipt of payment in full of all sums due to FS-Curtis shall be a condition precedent to FS-Curtis's warranty obligations, and the making of any warranty claim by Buyer/Owner shall not excuse Buyer/Owner's obligation to make timely payment of all sums due to FS-Curtis. No repair, replacement or reperformance by FS-Curtis shall extend the applicable warranty period.

The FS-Curtis standard warranty period for FS-Curtis Air Compressors varies based on the type of compressor sold. To help determine the warranty period that applies to a specific type of FS-Curtis Air Compressor, please contact an Authorized FS-Curtis Channel Partner.

Standard Manufacturers Warranty - Reciprocating Products

The Extended Warranty program detailed below provides additional coverage beyond the Standard Manufacturer's Warranty, at no additional cost. Simply follow the Extended Warranty requirements and you are automatically eligible for Extended Warranty Coverage.

To be eligible for Extended Warranty, all of the following requirements must be met:

- The Reciprocating Start-Up and Warranty Registration form must be completed in its entirety ONLINE at www.fscurtis.com within 30 days of the original start up date. *Start up by an Authorized FS-Curtis Channel Partner is not required for Reciprocating Air Compressors, but is highly recommended to ensure proper installation and operation.*
- All reciprocating air compressor packages must be properly secured with mounting hardware to the floor surface (refer to the Owner's Manual for installation details).
- The Owner must maintain the compressor in accordance with instructions found in the Curtis-Toledo, Inc. Operator's Manual (documentation will be required).
- The Owner must use only Genuine Curtis-Toledo, Inc parts and lubricants for the entire extended warranty period (proof of purchase will be required).
