¡CDERRETIMIENTO DEL HIELO
QUE SE SEPARA!**

Directions for Using the Multipurpose Hand Spreader

1. Push selector toward hopper to close. Fill hopper with desired material over pavement. The hopper holds approximately 6 pounds of pelletized fertilizer or ice melt, or 3 pounds of seed.
2. Adjust selector setting to the most desired setting per the table below.
3. To apply product evenly, walk at a normal pace while turning the hand crank clockwise.
4. Apply all products in accordance with the product manufacturer's instructions. The manufacturer of this hand spreader assumes no liability for misuse of products or materials used.
5. Avoid spreading in wind. Never spread toxic or hazardous material without protective gear.
6. Rinse spreader thoroughly after use.

Recommended Selector Settings

MATERIAL	SETTING
Fine Grass Seed	1
Coarse Grass Seed	2
Granular Fertilizer	3
Weed & Feed and Ice Melt	4
Weed Control and Rock Salt	5
